WORKING EXPERIENCE

Full Stack Developer

Images Group | Sep 2023 - Present

As a Full Stack Developer at Images Group, I have been involved in full-stack development, working primarily with **Python & Django and React**.

- ✓ Developed and maintained full-stack web app using Python, Django and React.
- ✓ Worked closely with senior developers to design, implement, and optimize features.
- ✓ Contributing to front-end and back-end development.
- ✓ Participated in code reviews and debugging to ensure high-quality software.

Frontend Developer

Sara Software | Jul 2022 - Aug 2023

At Sara Software, I delivered the design of **10+ successful projects**, creating responsive, visually engaging websites that enhanced user experience and drove client success.

- ✓ Led design for 10+ responsive, user-friendly websites.
- ✓ Close collaboration with clients to understand their vision
- ✓ Translated client vision into impactful designs to align business goals.
- ✓ Improved user experience, with a focus on client satisfaction.
