---

## Objective

Innovative Full-Stack Developer with hands-on experience in building responsive, scalable web applications using React.js, Next.js, and Node.js. Skilled in crafting intuitive UIs, optimizing performance, and implementing secure, maintainable solutions. Passionate about delivering user-centric digital experiences and contributing to high-impact projects in dynamic environments.

---

## Skills

**Languages & Frameworks:** JavaScript (ES6+), TypeScript, React.js, Next.js, Redux Toolkit, Node.js, Express.js

**Frontend Technologies:** HTML5, CSS3, Tailwind CSS, Material UI, Shadcn, Framer Motion

**Databases:** MongoDB, Mongoose, PostgreSQL

**Tools & Platforms:** Git, GitHub, VS Code, Vercel, Firebase, JWT, Stripe.

**Concepts:** OOP, DRY, SOLID Principles (Basic), MVC Architecture, REST APIs

**Problem Solving:** Solved coding problems in many Online judges.

## Professional Experience

**Bulipe Tech Ltd – Junior Full Stack Developer**

*June 2025 – Present*

- Designed and implemented user-friendly UI components to enhance the user experience.
- Developed and optimized scalable applications using modern programming languages and frameworks.
- Designed and implemented RESTful APIs and event-driven patterns.
- Ensured code quality, security, and performance through unit testing and automation.
- Stayed updated with emerging software technologies and proposed improvements.

**Wevloper – Frontend Developer**

*Feb 2025 – May 2025*

- Designed and developed frontend features using Next.js and TypeScript.
- Implemented state management with Redux Toolkit and data fetching with RTK Query.
- Focused on performance optimization techniques for faster load times and improved user experience.
- Handled API communication efficiently using Axios.
- Wrote clean, maintainable, and scalable code following modern frontend best practices.

## Dhaka Prokash – Web Developer

July 2024 – Feb 2025

- Designed and implemented user-friendly UI components to enhance the user experience.
- Ensured responsive and visually appealing web applications.
- Developed and maintained RESTful API endpoints using Express.js & Laravel.
- Wrote clean, maintainable, and scalable code following best practices.
- New feature implementation and fixing bugs on an urgent basis.

## Projects

### Dhaka Prokash – Web-based Content Management System (CMS)

[Live](#)

- Users can view the latest news published on the website. Also, category-wise search is available.
- Logged-in users can like or dislike and comment on news posts.
- Journalist users create and update news posts and monitor public reactions.
- Editor users can manage all news posts and sort them in the required order.

**Technologies:** React.js, React Router, Redux, Axios, Tailwind, Laravel, PostgreSQL, JWT.

### GoalRush – Football Academy Management System

[Live](#)

- Explored training classes and instructor profiles as a general user. View detailed instructors' profiles and training class pages to gain insights into available offerings.
- Booked classes via Stripe with full payment history tracking. Track enrolled classes in the payment history for seamless management from their dashboard.
- Instructors managed class listings; Admins have the authority to approved/denied submissions.

**Technologies:** React.js, Axios, Node.js, Express.js, MongoDB, JWT, Stripe.js, imgBB

### GollaChut – Gollachut is a travel-related website.

- Implemented role-based authentication using JWT & Passport.js, ensuring secure and personalized user access.
- Built a booking system with secure payment integration via Stripe, allowing users to reserve flights, hotels, and experiences.
- Developed an interactive map and personalized recommendations, enabling tailored travel planning and itinerary creation.
- Optimized website performance using Cloudinary for media management, ensuring fast and responsive user experience.

**Technologies:** React.js, Axios, Node.js, Express.js, PostgreSQL, MVC Structure, JWT, Stripe.js, imgBB

## Education

### B.Sc. in Computer Science and Engineering

- Daffodil International University | CGPA – 3.42

### Higher Secondary Certificate

- Bogura Cantonment Public School & College | GPA – 5.00

## Languages

- Bangla: Native
- English: Proficient
